JOHN W. GRIGGS.

A Brief Sketch of the Republican Candidate for Governor.

Condensed from The New York Tribune.

Since John W. Griggs entered the political arena as a campaign speaker twenty-five years ago in Passaic County, he has carved his way successfully through the vicissitudes of public life, until today he stands in the fore front, a favored candidate for gubernatorial honors.

His introduction as a political orator, came about accidentally when he was a law student at Paterson. During a fall campaign the chairman of the Republican County Committee finding his corps of stump speakers incomplete by one, he as a clever young lawyer was selected to fill the vacancy in a certain ward, and the measure of success which his oratory attained that night was sufficient to ensure him a prominent position in New Jersey politics and he was thence carried forward on the tide of public favor, until five years later he was sent by his fellow citizens to the General Assembly and afterward served two terms in the State Senate.

Mr. Griggs claims Newton, Sussex County, as a birth place, where he first read law, afterward removing to Paterson, knowing that the larger cities hold out broader opportunities for a successful career, and he is claimed therefore as a favorite son of two Counties, Sussex, the home of his birth and boyhood, and Passaic the home of his manhood, both of which have a warm affection for him. Then as Paterson is the metropolis of Bergen County and one end of Morris as well as of Passaic, and as Mr. Griggs is almost as popular in these places as he is in Paterson, where he lives, he may be said to have as strong and wide reaching a personal following as a man could wish for. This popularity among the Democratic northern counties as well and throughout the State is a understood and recognized fact.

His early experience in the law office of Socrates Tuttle furnished him with excellent experience, enabling him to see a large variety of cases both civil and criminal, and rendering him capable of hard, systematic work. He is acknowledged in Paterson to be able to accomplish twice as much work as any other lawyer there.

It is said that everybody has implicit confidence in his judgment and absolute faith in his honesty, his record is clean and creditable and when he goes out on the platform he will have no weak spots to conceal and protect, and will therefore be able to devote all his energy to attacking the record of the Democracy. He makes an excellent impression on the platform, being truly eloquent and as one of his friends says, absolutely fearless and abounding in courage and determination; and in case of his election there will be no power behind the throne. He will be Governor in fact as well as in name.

He is keen visaged, well poised and lithe—the sort that goes in to win and carries everything before him.

Political Notes.

John W. Griggs, the Republican candidate for Governor, was tendered an enthusiastic reception by the County Committee last Friday night. In his speech he said he was an up-to-date candidate and no back number.

Chairman Carl Lantz has called attention to the necessity of securing a full registration in all the election districts. Every member of the County Committee in Bloomfield and Glen Ridge was urged to make a complete registration of the Republican voters.

The primaries for the election of delegates to the County Convention will be held on Monday, Oct. 21st. The County Convention will be held in Music Hall, Orange, on Wednesday, Oct. 23rd.

Arrangements have been completed for the Republican ratification meeting to be held in Caledonian Park Hall this evening. Several prominent State Republicans besides John W. Griggs will be present and address the voters.

The Republican State Committee is mapping out extensive campaign work for John W. Griggs, candidate for Governor. Mr. Griggs, who conferred with the leading members of the Committee on Tuesday, addressed a meeting in Hoboken on Wednesday night, and also at the Interstate Fair at Trenton on Thursday. He expects to gain some advantage over Chancellor McGill by the latter not making a personal canvass through the State.

There will be a Republican mass meeting in Central Hall next Tuesday evening, when addresses will be made, it is expected, by John W. Griggs, candidate for Governor, Senator Foster M. Voorhees and Congressman Fowler.

A Republican Club is to be organized in Glen Ridge on Wednesday evening of next week.

Town and Borough Notes.

In giving a report of the recent school meeting in Glen Ridge Taxpayers, quite unexpectantly, did an injustice to A. J. Lockwood in saying that he was called to order by the chairman. We have been informed that it was not so, and therefore, unasked by anybody, Taxpayers makes the correction, with the simple explanation that the editor or any reporter of this paper had been in Glen Ridge Hall when the discussion took place, the mistake would have been avoided. It has been seized upon by some anonymous viper as a pretext for slandering both Mr. Lockwood and Taxpayers. The matter is of the clergyman who presided at the school meeting places, the Mayor right before the public, authoritatively declaring that if it was not made for the purpose, were used with the intent of "humiliating" the Mayor in public relations.

If Taxpayers has in the past twenty years achieved any sort of reputation in this community, it is for reliability and for out-and-out independence, never for servility. No matter whether a man is worth a million dollars or less than a hundred cents, this paper will approve or condemn his public life just according as his acts are right or wrong.

All those who enjoyed the two delightful concerts given by the Ladies Vocal Club last winter will be pleased to know that they have again organized under the most favorable auspices. They will give during the season at least two concerts assisted by eminent artists. The concerts given last winter, followed by a dance at the Hall, were among the most successful society events of the season. Owing to the large demand it will be necessary to limit the number of associate members, and those wishing tickets should apply to members as soon as possible. With two musical societies of such high order in our town as the Ladies Vocal Club and the Madrigal Society, which will also give several concerts, the lovers of good music in our midst may safely promise themselves much enjoyment this winter.

A small bonfire in the vicinity of Douglas road created quite a sensation one night last week. The brave fire ladders were called out and the force of the water as it was turned on burst the hose and knocked down two of the firemen who rolled in the mud, unable to regain their feet, to the great delight of the small boys. Some ladies who were looking on were completely drenched and ran screaming out of the way of the deluge. The man who "owend" the bonfire would be very glad to put in the lockup the scamps who gave the alarm.

The first dance of the season took place last Friday night in Glen Ridge Hall, which was prettily decorated for the occasion with autumn foliage and flowers. Mr. Willie Westervelt presided as usual at the piano. A goodly number were present including many out of town guests. The patronesses were: Mrs. J. M. Walsh, Mrs. Clara White, Mrs. William Ford Upson, Mrs. J. S. Chittling, Mrs. Marius Belmont and Mrs. Sands. It is rumored that instead of combining forces as heretofore there will be two sets of Assemblies given this winter by the young people of Glen Ridge and Bloomfield. Those in Glen Ridge to be given in Glen Ridge Hall and the Bloomfield Assemblies in Central Hall. It is hoped by many interested that the two factions will unite and that the friendly intercourse that has always existed between the young people of both places will continue.

The first meeting of the season of the Young People's Society of the First Church met last night in the church parlor. It took the form of a business meeting and several important changes were voted on and carried. The society will be known in the future as the First Presbyterian Church Guild.

The Ladies Vocal Club of Glen Ridge will begin their work for the winter early in October under the leadership of Mr. Wade. Those wishing to join the club should send their names as soon as possible to the President, Mrs. C. S. Campbell.

About twenty of the younger set of Glen Ridge and Bloomfield have formed a society called the N. S. Club. They will hold meetings once a month at the residences of the members, when an attractive programme will be presented.

It is whispered that a concert will be given for the benefit of the Glen Ridge Church organ fund in the near future by the Ladies Vocal Club, assisted by some prominent musicians from the city.

The Bloomfield Cadet Corps propose giving a monthly entertainment during the winter at their armory. A small admittance fee will be asked to defray expenses.

The engagements are announced of Miss Maud K. Seymour to Mr. Fred Benson, and Miss Virginia Harrison to Mr. Arthur Smith of Westminster, Md.

The general meeting of the Bloomfield Orphan Asylum Society was held at Mrs. R. N. Dodd's Wednesday, Oct. 24, at 3 P. M.

The following officers were elected and different committees appointed for the work of the year: Mrs. J. P. Jones, 1st Directress; Mrs. S. M. Hulm, 2d Directress; Mrs. J. T. Ballard, Secretary; Mrs. S. D. Stubb, Treasurer.

The annual report of the Secretary was in part as follows: Mrs. President, Managers and friends:

In coming before you today we present the 46th annual report of the Bloomfield Orphan Asylum Society Auxiliary to the Newark or Parent Board.

1849 seems long in the past, yet as the years have come and gone this good work has never flagged. Though beginning with small numbers they were full of hope and trust in God, the Giver of all good gifts, and their faith was not in vain.

Many have been the changes. Our hearts are saddened by the recollection that one and another accustomed to meet with us will be with us no more on earth.

The year just gone has taken with its flight one of the society's honored, truest, Christian pillars, Miss M. Fanny Deidt. Since the year 1863, when she was elected as manager to fill the vacancy caused by the death of her mother, she has been closely identified with the working of the Society, filling most faithfully every a in her power for the orphan, corresponding, visiting and following the children years after their leaving the asylum, giving advice and counsel wherever she felt it needed.

In the year 1864 she was elected Treasurer of the Society, since which time she has continuously filled the same, having written but two days before her death her resignation as such.

There is not a manager but can remember many kind acts to each personally, words of thought and care for our comfort and pleasure from this dear sister. May her earnest, Christian character be our aim, trying to fill the great loss here on earth. The orphan's God was her God and in his hands we leave her.

At present there are eight Bloomfield children at the Asylum at Newark, who are directly under the support of the Bloomfield Board. This is the largest number, at any one time, since the organization of the society, and also means extra exertions on the part of collectors and managers for the maintenance of so large a number.

We urge that those who have always so readily responded to aid this charity will still remember this most worthy cause, and to those who have not helped is asked a special effort on their part.

The collectors find it an unpleasant task to be refused, to go again and again, then oftentimes unsuccessful. There is considerable work in canvassing the town which alone is done by the collectors.

We express to them our appreciation of their services as also to all friends who have aided in the past.

Wishing for this society continued trust in Him who careth for the orphan.

I am respectfully,
Mrs. J. T. BALLARD, Secy.

Think of this. Hood's Sarsaparilla is the only true blood purifier prominently in the public eye today. It cures disease when all others fail, because it makes pure blood. Hood's Pills cure jaundice, biliousness, sick headache, constipation and all liver ills.

Even when all other preparations and prescriptions fail. "I had a sore on my face which I feared was cancerous. I could not get anything to cure it until I used and got a bottle of Hood's Sarsaparilla. I took two bottles of this medicine and was cured. My son had a sore on his neck and I cured him." Mrs. J. L. Entries can be left with the Superintendent or the Bowling Committee.

Bold Daylight Robbery.
A bold burglary was perpetrated, a broad daylight robbery. Thieves entered the residence of George Kohler, No. 22 Watson Avenue, through a cellar window during the absence of the family and completely ransacked the house, securing \$500 worth of money and jewelry. The police suspect a gang of thugs who were seen in the vicinity in the morning and who inquired of a small boy in regard to the movements of the Kohler family for the day. Mr. Kohler is employed by the P. Lorillard estate in New York.

Newark Presbytery.

The Newark Presbytery held its fall meeting in Newark on Wednesday. The Rev. Charles T. Berry presented a report as chairman of the committee on ministerial relief. He commended the Presbytery because of its fair subscriptions to this fund but declared that the Dutch Reformed Church is far in advance in this matter. He recommended the appropriation of \$150 to Mrs. Kello and \$300 to Dr. V. L. Lockwood of Bloomfield. The recommendations were concurred in. Rev. J. Beveridge Lee was appointed as a committee on narrative for for coming year. Rev. Dr. Chas. E. Knox was appointed on the committee on the minutes of the General Assembly.

There was a lively tilt among the ministers over the amending Briggs heresy case, caused by a motion made by Dr. Charles H. Hays, which was in effect that Union Theological Seminary be boycotted by the Presbytery. Drs. Langman and West warmly championed the Seminary whose professor had been suspended by the General Assembly. The motion, advising that young men studying for the ministry should not attend Union Seminary was lost, 26 against 12.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. The most infallible cure is the use of the

infamous condition of the mucous lining of the Eustachian tube. When catarrh has been diagnosed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (except by Opera) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
